

FAMILY FOSTER HOMES – RESPITE CARE LIST

June 24, 2026

IMPORTANT NOTES (PLEASE REVIEW):

- The resource family seeking respite is responsible for paying for the respite care. The going rate is typically \$33/day per child which is the foster care reimbursement rate; however this may be negotiated between the parties. Please agree to terms, days/times, and payment before respite is performed.
- The family agreeing to do the respite also agrees to visits/appointments for the children during that time.
- You must get approval from your licensing worker PRIOR to respite happening. The family needing the respite as well as the family providing the respite must get approval from licensing.
